For maintaining good condition all over.		- MINI GROOM -WASH & TRIM - Basic wash & dry, nail clip, sanitary trim and face trim. For the dog that needs to look and smell their best, without full body clip.	
‘STANDARD’ FULL GROOM	Full Body Groom for ‘standard short’ coats - thinner, wiry or smooth.	- MINI GROOM - DRY CUT - Full body coat clip, face & feet trim, nail clip/grind and sanitary trim. Dog must arrive fresh, clean, and knot-free. A lower cost and quicker option to keep a clean coat well maintained - wash and dry your dog at home and then let Kelly do the rest.	
‘PLUS’ FULL GROOM	Full Body Groom for ‘plus’ coats - thick or curled coat - or specialized cuts.		
CRUISER* FULL GROOM Special rate, by arrangement, for:	<ul style="list-style-type: none"> Regular grooming (5 to 10-weekly depending on individual dog needs) Small and medium dogs that we know are relaxed with grooming, have easy coats and simple requirements. 	- PUPPY’S FIRST GROOM - For puppies up to 6 months , an introduction to the grooming environment. Depending on puppy's readiness and coat, we may do a basic wash and dry. Includes 25% off your first full groom!	- NAIL TRIM / GRIND It is recommended to trim regularly, a little at a time. This allows the quick to recede over time, making it possible to trim the nails shorter in future visits. Long nails can cause damage to their feet and walking ability.
- ADD ON: EXTRA TIME / DE-MATting - Please add this option to your booking if you know your dog will need it, e.g. for matted fur or severe anxiety. This helps to keep bookings running smoothly for everyone. :) Matting: Extra care is needed when a dog has many knots or matting in the fur, and this can be time consuming. Extra time may be charged depending on the severity, and/or we may need to clip long hair short. Tip: Don’t wet or shampoo your matted dog, it may make things worse!
